

ORD a statement in explanation of the bill.

There being no objection, the statement was ordered to be printed in the RECORD, as follows:

OVERSEAS TEACHERS PAY AND PERSONNEL PRACTICES ACT, S. 96

The purpose of this legislation is to provide a system of personnel administration for schoolteachers and certain school officers and other employees of schools operated by the Department of Defense in foreign areas similar to the system found in the majority of the public schools in the United States and the District of Columbia.

This proposed legislation recognizes and corrects deficiencies in the existing system which the Department of Defense has identified and which long have been apparent. Most of the problems that exist currently stem from the fact that teachers are employed under civil service laws designed for full-time employment rather than being geared to an academic year which runs only 9 or 10 months.

Among the major problems which result are the following:

First, there is no authority under which teachers can be paid during vacation periods.

Second, unless annual leave is available and is used for the purpose, teachers are not paid for school recess periods, such as Thanksgiving, Christmas, and Easter.

Third, overseas differentials and allowances are discontinued during such recess periods, if the teachers are placed in a leave-without-pay status, and

Fourth, there is no authority to relate the pay of teachers to their academic backgrounds and qualifications as generally done in the United States.

The bill overcomes these problems in a fair and equitable manner. It does so without measurable cost to the Government and should result in material improvement in morale and efficiency.

I would like to recall that public hearings were held July 14, 1958, on S. 3460, a bill identical in purpose but somewhat different in verbiage. Favorable testimony was received from the Department of Defense, Civil Service Commission, and the Overseas Teachers Association. There was no adverse testimony from any source.

Subsequently, the bill was reported to the Senate and passed August 5, 1958. However, no action was taken in the House.

Following adjournment, it was my privilege to visit a large number of our schools overseas. This gave me an opportunity to learn at firsthand the need for this proposed legislation. I hope the bill will be passed by the Senate and receive early attention in the House so that necessary adjustments can be made before the start of the next academic school year in September.

The PRESIDING OFFICER. The question is on agreeing to the amendment of the committee.

The amendment was agreed to.

The bill was ordered to be engrossed for a third reading, read the third time, and passed.

RESTORATION OF ANNUITY RIGHTS—BILL PASSED OVER

The bill (S. 91) to amend the act of September 1, 1954, in order to limit to cases involving the national security, the prohibition on payment of annuities and retired pay to officers and employees of the United States, to clarify the operations of such act, and for other purposes, was announced as next in order.

Mr. MORTON. I ask that the bill go over, as not being calendar business. From the standpoint of the minority, there is no objection to the bill, and there is no reason why it should not be scheduled for action today or at any other date the majority leader may decide upon.

The PRESIDING OFFICER. The bill will be passed over.
